WOMB OF THE INNER GOLDEN WATERS HEALING PILGRIMAGE & RETREAT

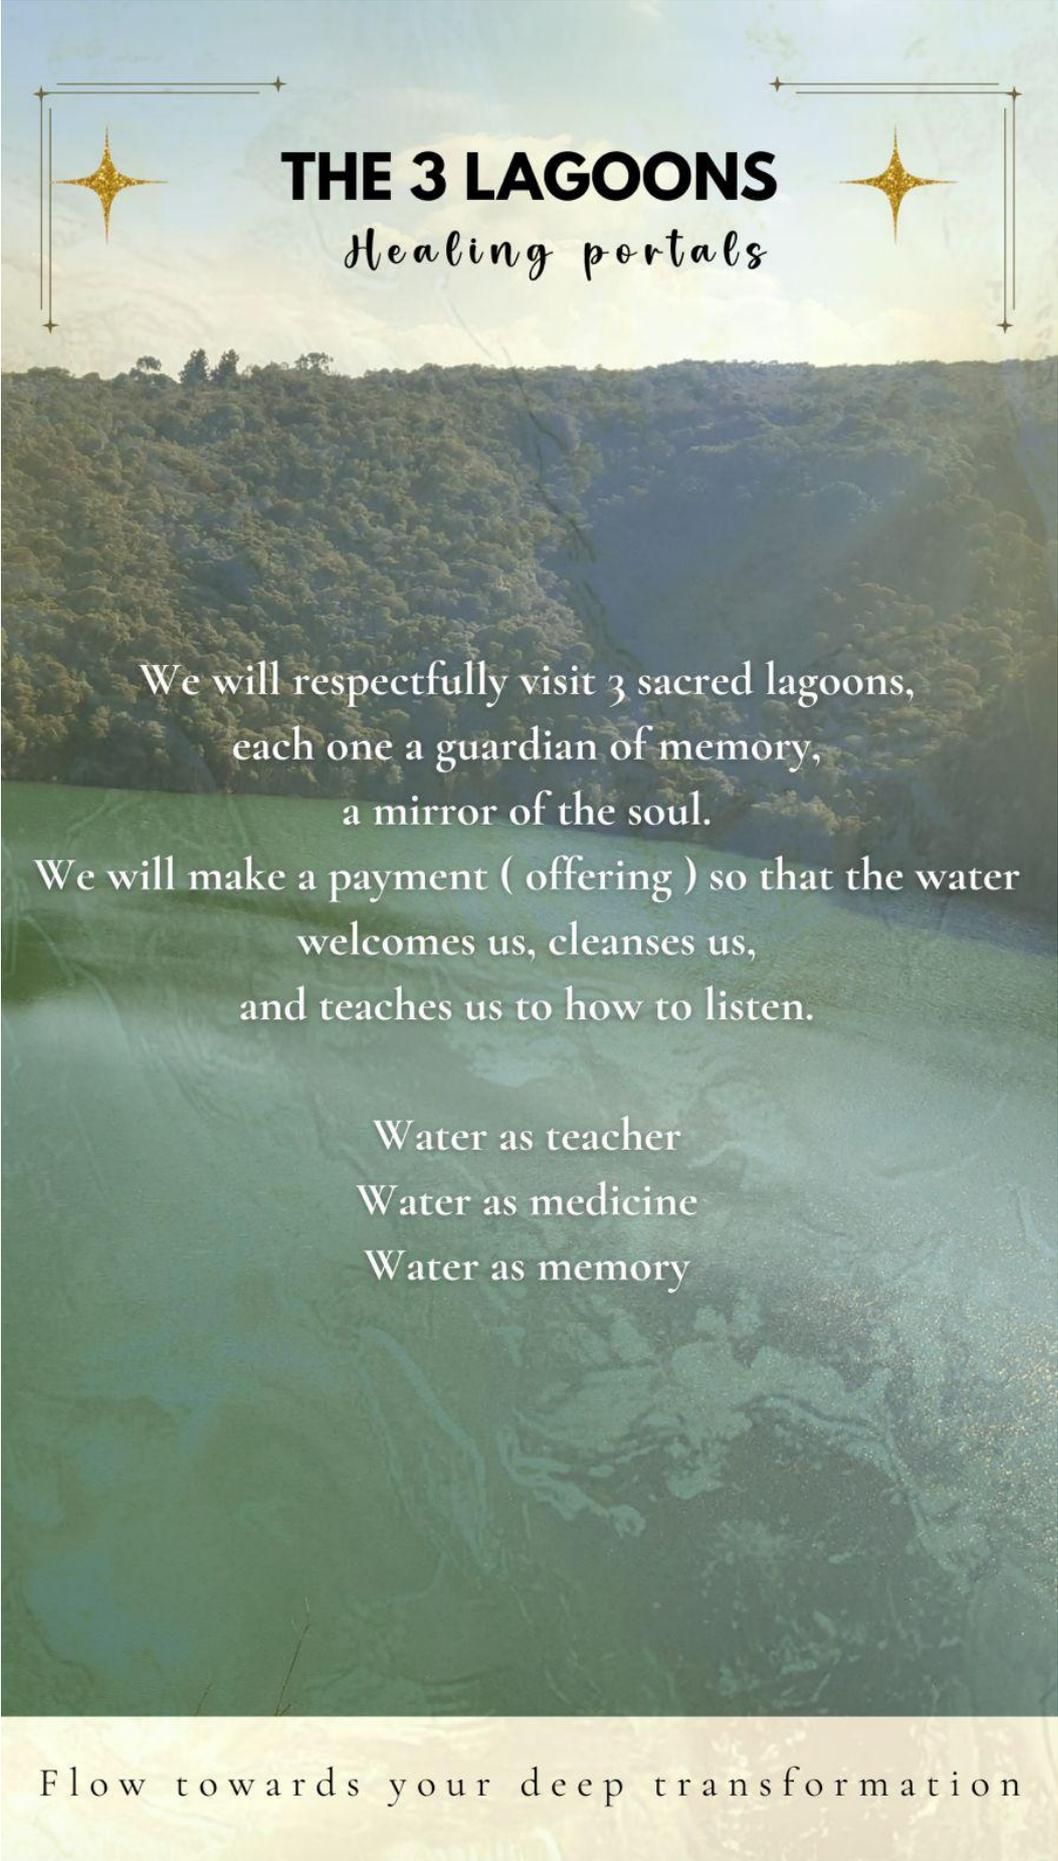

March 26-31, 2026

Welcome to Kunturnamak, the Nest of the Condors and the Golden Container, safely held by Juli Rivera and Daniela Soleia. This sacred journey invites you to open your heart to the lands of Colombia, following the ancient footsteps of the Muisca people, who hold deep reverence for these lagoons as sacred bodies of water where life is believed to have begun, honouring the navel and womb of Mother Earth.

Rooted in ancestral wisdom, this pilgrimage is illuminated by Guatavita, the crystalline temple, a symbol of divine light, remembrance, and cosmic origin. Through ceremony, prayer, and conscious presence, we connect with its golden radiance to awaken ancestral wisdom and activate the golden memories held within our bodies, lineages, and souls.

Alongside the altar of water, fire, sand, and earth, you will receive transmissions through ancient ceremonial practices, including Inipi, the Lakota purification ceremony, and together throughout the week in ceremonial relationship with medicine plants such as yagé, Kambo oshka, and mambe, along with guided pranayama practices to cultivate inner strength and inner clarity. These medicines are approached with deep respect, guidance, and responsibility, and are held within traditional and intentional contexts.

This is a unique, life-transformational journey for those who are called to heal in harmony with Mother Nature, honoring reciprocity and heartfelt care.

THE 3 LAGOONS

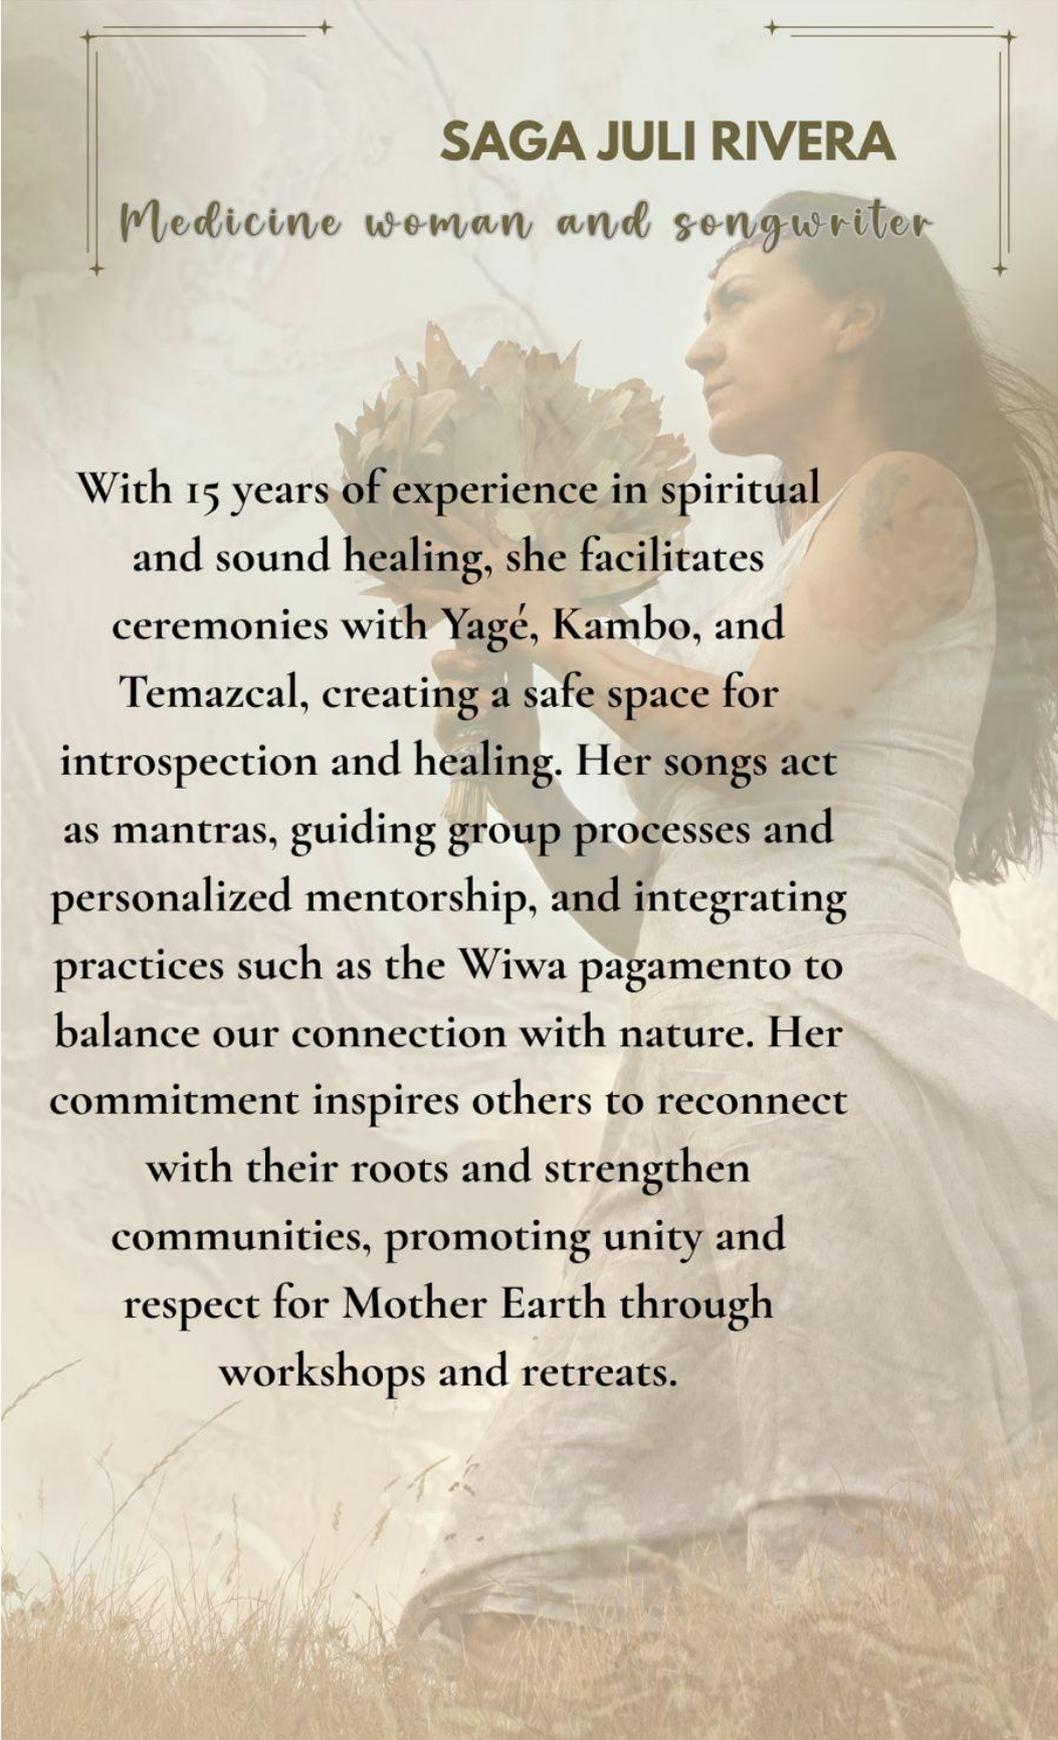

Healing portals

We will respectfully visit 3 sacred lagoons,
each one a guardian of memory,
a mirror of the soul.

We will make a payment (offering) so that the water
welcomes us, cleanses us,
and teaches us to how to listen.

Water as teacher
Water as medicine
Water as memory

GRANDMOTHER AYAHUASCA (YAGE)

Ayahuasca is the wise Grandmother of the jungle,
a medicine that works on all levels of being.

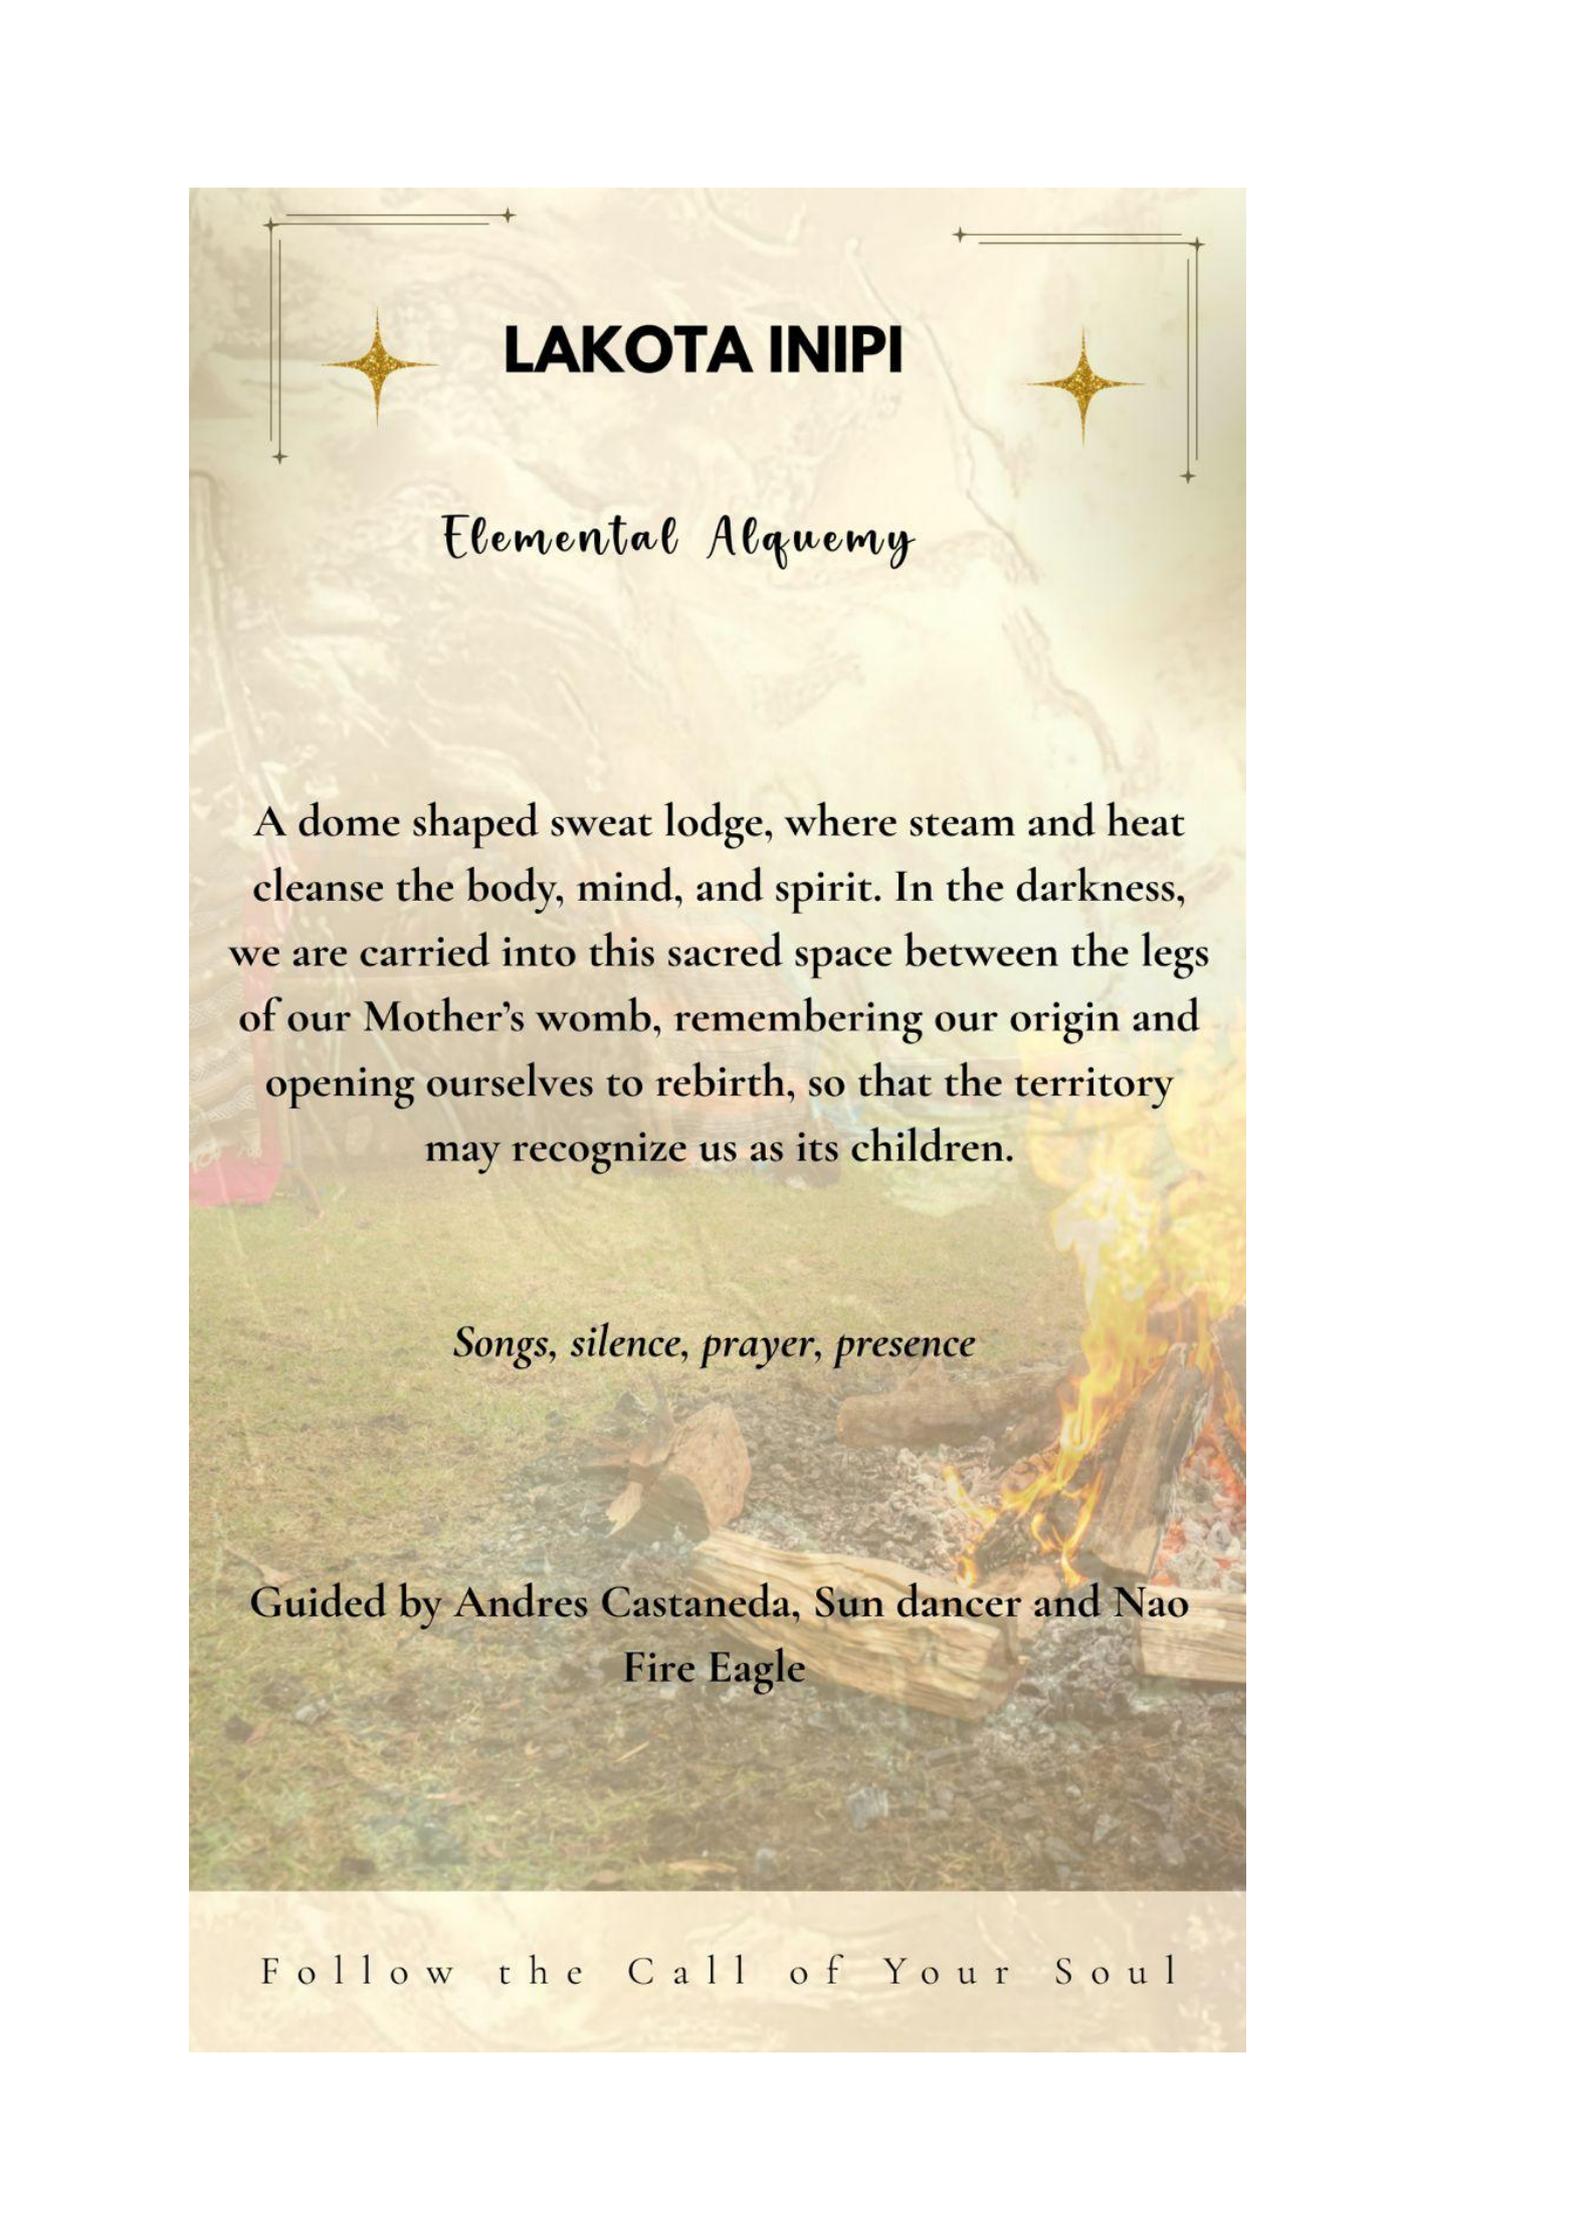

It purifies the body, releasing burdens and deep
memories.

It clears the mind and heart, showing with truth
what needs to be healed.

It awakens the spirit, reminding us of our
connection to Mother Earth, the ancestors, and the
soul's purpose.

It is a path of revelation, humility, and coherence,
a call to see with honesty
and to walk through life with greater awareness.

LAKOTA INIPI

Elemental Alquemy

A dome shaped sweat lodge, where steam and heat cleanse the body, mind, and spirit. In the darkness, we are carried into this sacred space between the legs of our Mother's womb, remembering our origin and opening ourselves to rebirth, so that the territory may recognize us as its children.

Songs, silence, prayer, presence
